Mikaela Haig still has plaster on her arm after a nasty fall from the monkey bars, we know you are bursting to get back on court

Katherine Last its good to have you back after your broken arm.

We send our best wishes to Stephanie Anderson who has left us temporarily to travel around Australia for 4 months, lucky bugger. We look forward to seeing you in Spring.

A big thank you to Debbie Clarkson and Alan Bull who have been working tirelessly preparing our upcoming Presentation Night. We look forward to a big night.

Thank you to Marlene Coloretti who has been taking training for Lauren Morgan whilst she completes her university studies. Those cold nights just seem to be getting even colder.
